Compliance Roundtable Discussion

Marci Kinter

SGIA

Updates on REACH

- What is an Article?
- Decision in 2015
- Each component in the final product is to be treated as a separate article
- ECHA guidance issued in December 2015

Toxic Substances Control Act Reform Legislation

- Amendments signed into law July 2016
- EPA required to evaluate all chemicals on inventory list
- Need to establish prioritization as well as risk based screening
- User fees

Global Harmonization Standard – OSHA and Canada

- New Safety Data Sheets
- New Warning Labels
- Where is Canada in their implementation?

Conflict Minerals

- Reporting required since 2012
- Issue with the customer base?

Any other regulatory topic that sparks your interest

- Questions on pollution control standards…
- Waste?
- The regulatory world is open for discussion!
